Utility Easements
Any public franchised utility, including the City of Fort Worth, shall have the right to move and keep moved all or part of any building, fence, tree, shrub, other growth or improvement which in any way endangers or interferes with the construction, maintenance, or efficiency of its respective systems on any of the easements shown on the plat and they shall have the right at all times to ingress and egress upon said easements for the purpose of construction, reconstruction, inspection, patrolling, maintaining, and adding to or removing all or part of its respective systems without the necessity at any time of procuring the permission of anyone.

Water/Wastewater Impact Fees
The City of Fort Worth has an ordinance implementing the assessment and collection of water and wastewater impact fees. The total amount assessed is established on the recordation date of this plat application, based upon schedule 1 of the current impact fee ordinance. The amount to be collected is determined under schedule 1 then in effect on the date a building permit is issued, or the connection date to the municipal water and/or wastewater system.

Private P.R.V.'s will be required; water pressure exceeds 80 P.S.I.

Site Drainage Study
A site drainage study, showing conformance with the approved roadway drainage plan, may be required before any building permit is issued on this site. (A grading plan in some instances may be adequate.) If the site does not conform, then a drainage study may be required, along with a CFA for any necessary drainage improvements. The current owner shall submit a letter to the Department of Transportation and Public Works Director stating awareness that a Site Drainage Study will be required before any permits issued. The current owner will inform each buyer of the same.

Building Permits
No public franchise shall be issued for any lot in this Subdivision until an appropriate CFA or other acceptable provisions are made for the construction of any applicable water, storm drain, street lights, sidewalks, or paving improvements; and approval is obtained from the City of Fort Worth.

Floodplain Restriction
No construction shall be allowed within the floodplain easement, without the written approval of the director of transportation and public works. In order to secure approval, detailed engineering plans and/or studies for the improvements, satisfactory to the Director, shall be prepared and submitted by the party(ies) wishing to construct within the floodplain. Where construction is permitted, all finished floor elevations shall be a minimum of two (2) feet above the 100 year flood elevation.

Utility Easements
Any public franchised utility, including the City of Fort Worth, shall have the right to move and keep moved all or part of any building, fence, tree, shrub, other growth or improvements which in any way endangers or interferes with the construction, maintenance, or efficiency of its respective systems on any of the easements shown on the plat and they shall have the right at all times to ingress and egress upon said easements for the purpose of construction, reconstruction, inspection, patrolling, maintaining, and adding to or removing all or part of its respective systems without the necessity at any time of procuring the permission of anyone.

Sidewalks
Sidewalks are required adjacent to both sides of all public and private streets, in conformance with the Sidewalk Policy per "City Development Design Standards".

Construction prohibited over easements.
No permanent buildings or structures shall be constructed over any existing or planned water, sanitary sewer, drainage, gas, electric, cable or other utility easement of any type.

Transportation Impact Fees
The City of Fort Worth has an ordinance implementing the assessment and collection of transportation impact fees. The total amount assessed is established on the approval date of this plat application, based upon Schedule 1 of the impact fee ordinance in effect as of the date of the plat. The amount to be collected is determined under Schedule 2 of said ordinance, and is due on the date a building permit is issued.

Private Sewer
Sanitary sewer to be served by private individual disposal system.

Parway Permit
Parway improvements such as curb & gutter, pavement tie-in, drive approaches, sidewalks and drainage inlets may be required at time of building permit issuance via parway permit.

Private Maintenance
The City of Fort Worth shall not be responsible for maintenance of private streets, drive, emergency access easements, recreation areas, open spaces and drainage facilities, and said owners agree to indemnify and save harmless the City of Fort Worth, Texas, from claims, damages and losses arising out of or from performance of the obligations of said owners set forth in this paragraph.
